WELCOME

Welcome to the Senior Life Insurance Company Family

We want you to succeed and promise to provide you with every opportunity to expand your business.

You can count on us to:

- Constantly search for new ways to make your job easier
- Push technological innovation in our industry to the next level
- Provide opportunities to develop your skills and leadership abilities
- Maintain open communication
- Provide resources to facilitate your daily functions
- Take your feedback into consideration

As a licensed professional in your field we must be able to count on you to:

- Maintain open communication with your team
- Give your best effort in achieving the success we offer
- Ask for help when needed from managers, RVPs, or Home Office staff
- Represent the policyholder's best interests when selling our products (e.g. do not sell a product they cannot afford or do not qualify for)
- Conduct yourself with professionalism, honesty, and integrity at all times
- Keep up to date with newly published materials including our own resources and policies as well as current insurance regulations and law changes
- Report suspicious activity to the proper authorities
- Always follow all Senior Life policies and procedures, including those set forth in your written Agent Agreement.
- Maintain licensure and follow all state-specific rules, regulations and guidelines for operations.

PRIVACY NOTICE

Senior Life Insurance Company is committed to maintaining the confidentiality, integrity, and security of personal information that is gathered from all parties to the application as part of the sales process. This information may include financial information as well as protected health data. This confidentiality extends to policy coverage, premiums, payment history, and beneficiaries. Agents are bound by the privacy laws of the states in which they do business and shall not disclose, or allow anyone else to disclose, any confidential information except where necessary to provide a Senior Life Insurance Company product or service, or where required by law. This confidential client information should be maintained appropriately by you through the use of physical, electronic, and procedural safeguards. Senior Life Insurance Company is also committed to protecting agent privacy. As with policy information, Senior Life Insurance Company restricts access to protected information only to those individuals who must use it in the performance of their job-related duties.

FIGHTING INSURANCE FRAUD

Insurance Fraud: when individuals intentionally deceive an insurance company to collect money that is not rightfully theirs (faking death, not disclosing health concerns, etc.)

If you suspect insurance fraud please forward all information to our Special Investigations Unit (SIU), who will investigate, report, and resolve such issues. You can contact the SIU or submit suspicious activity by sending an email to: ReportFraud@srlife.net or calling 877.777.8808 to contact any of the SIU members: Eric Mitchell, Zack Phillips, Heath Bassett, Jonathan Rossi, Brandy McElhaney, Carol Key, Dawn Keister, Frank Funderburk, or Savannah Yancey.

THE PATRIOT ACT

The 2001 Patriot Act addresses the important role that insurance companies play in fighting money laundering. As an insurance agent you are on the front lines of detection and prevention. Always keep an eye out for the following suspicious activity:

- The purchase of an insurance product that appears to be inconsistent with the customer's needs.
- Any unusual method of payment such as cash or cash equivalents.
- The purchase of an insurance product with monetary instruments in structured amounts.
- The early termination of an insurance contract, especially if at costs to the customers, or where a refund check is issued to an unrelated third-party.
- The transfer of the benefit of an insurance product especially to an unrelated third-party.
- Little or no concern about the investment performance of an insurance product with emphasized focus on the early termination features of a product.
- The reluctance of a customer to provide identifying information, or the use of minimal or seemingly fictitious information.
- The borrowing of the maximum amount available soon after the product is issued.

LICENSING

You must be properly licensed and appointed with Senior Life Insurance Company before you may begin writing business. We also require that you maintain proper licensure and appointment with the Department of Insurance in each state in which you are writing an application.

Contracting your Recruits: If your recruit is a licensed agent please direct them to

<https://www.SeniorLifeCareer.com> so they can become contracted with Senior Life. Be sure to give them your 6-digit agent # to use as a manager code. They will not be able to contract without this code. All they have to do is follow the prompts on the careers website to complete the form. They will then receive an email from the Licensing department with further instructions. As the manager, you will also receive an email asking you to assign a commission schedule. ***Once you have established a commission schedule, it has been accepted by your recruit, and they have been approved for appointment, the newly contracted recruit will gain access to their agent portal within 24-48 hrs.***

If your recruit is NOT currently licensed, please ask them to contact the Licensing department for guidance on how to become licensed in their state of residence.

SLICE APP

The Senior Life Insurance Company Enrollment (SLICE) App is your one-stop shop for presentations, qualifications, enrollments, and processing payments. Use this link to download

<http://www.seniorlifeagents.com/SLICE/download.htm>

An active WIFI or data connection is required to download this app.

Live Checks submitted through this app by 3PM EST will be processed the same day, which means you can expect to get paid the same day too.

All applications are required to be processed through this app. The app comes complete with a recording feature for those in telesales as well as those in field sales who need to record a statement from someone not able to be physically present for the application.

Visit our YouTube page for tutorial videos or our Agent Resources website for more in-depth usage information

<https://www.youtube.com/user/SeniorLifeInsCo>

LEADS THE WAY

This app is currently available for both Apple and Android devices. This is the best way to get leads. The app is updated instantly as new leads arrive. You can purchase leads and map your visits or make a phone call at the touch of a button. You can also turn on Live Transfers and have call-ins sent directly to your cell, home, or office phone.

Using this new cutting-edge technology will allow you to be in contact with customers just moments after they call us wanting more information. Contact your RVP to discuss all lead options available to you. Visit our YouTube page for tutorial videos or our Agent Resources website for more in-depth usage information

Your username will be your six-digit agent number and your password will be the last four of your Social Security Number.

PRODUCT GUIDE

These plans cover a person for their whole life. Premiums cannot be increased, coverage cannot be decreased, the plan builds cash value, and cannot be cancelled aside from non-payment of premiums. We offer both Immediate and Limited Benefit plans.

Immediate Benefit Plans

A Medical Release of Information (HIPAA) Authorization must be completed and submitted for all immediate benefit plans. See page 13 for HIPAA guidelines.

Ultimate Preferred Whole Life: For ages 0–85 free of health issues and no history of tobacco/nicotine use in the past 10 years. Face amounts range from \$10,000–\$30,000. Additional underwriting may be required due to the preferred class of risk.

- Applicant must have a primary care physician
- Only one medication per condition
- Checking account payments only
- **Not available in Minnesota**

Super Preferred Whole Life: For ages 0–85 free of health issues and no history of tobacco/nicotine use in the past 5 years. Face amounts range from \$5,000–\$30,000. Additional underwriting may be required due to preferred class of risk.

- Only one medication per condition
- Checking account payments only

Preferred Whole Life: For ages 0–85 with minor health issues and no history of tobacco/nicotine use in the past 12 months. Face amounts range from \$1,000–\$20,000.

Standard Whole Life: For ages 0–85 with face values ranging from \$1,000–\$20,000.

- DUI/DWI allowed if: outside of 2 years, no history or treatment of drug or alcohol abuse, or not advised to reduce alcohol consumption/noted to excessively use alcohol. Contact Underwriting in Agent Support with further questions.

20 Pay Standard Whole Life: For ages 0–60 with face values of \$1,000–\$20,000. At the end of year 20 the policy is considered paid-in-full and remains in effect though no further premiums are collected.

- DUI/DWI allowed if: outside of 2 years, no history or treatment of drug or alcohol abuse, or not advised to reduce alcohol consumption/noted to excessively use alcohol. Contact Underwriting in Agent Support with further questions.

Substandard Whole Life: For ages 40–85 with moderate health issues. Face values range from \$1,000–\$5,000. **Available in Massachusetts and Minnesota ONLY.**

Limited Benefit Plans

For all plans you must explain the limited death benefit. For telesales, this **MUST** be included on your recording.

Modified Whole Life: For ages 0–85 with moderate health conditions. Face values ranging from \$1,000–\$15,000.

- Return of premiums plus 10% during the first 2 years
- Full face amount available the 3rd year and thereafter
- **In Massachusetts, Minnesota, Missouri, New Jersey, North Carolina, and Pennsylvania,** the death benefit in the first 2 years is equal to the full face value if the death is accidental as described in the Accidental Death provision of the policy.

Modified Graded Whole Life (Missouri ONLY): For ages 76–85 with moderate health conditions. Face amounts range from \$1,000–\$10,000.

- Death benefit 50% during the 1st year
- Death Benefit 75% during the 2nd year
- Death benefit equal to full face value during the 3rd year and thereafter

Easy Issue Whole Life: For ages 0–85 with significant health conditions. Face values range from \$1,000–\$10,000.

- Return of premium plus 10% during the first 3 years
- Full face value during the 4th year and thereafter
- **In Massachusetts, Minnesota, Missouri, New Jersey, North Carolina, and Pennsylvania,** the death benefit in the first 3 years is equal to the full face value if the death is accidental as described in the Accidental Death provision of the policy.

Easy Issue Graded Whole Life (Missouri ONLY): For ages 66–85 with significant health conditions. Face values range from \$1,000–\$10,000.

- Death benefit 50% during the first 2 years
- Death benefit 65% during the 3rd year
- Death benefit equal to full face value during the 4th year and thereafter

Guaranteed Issue Whole Life: NO HEALTH QUESTIONS. For ages 0–85 regardless of health. Face values range from \$1,000–\$10,000.

- Return of premium plus 10% during the first 3 years
- Death benefit equal to full face value during the 4th year and thereafter
- **In Massachusetts, Minnesota, Missouri, New Jersey, and Pennsylvania,** the death benefit in the first 3 years is equal to the full face value if the death is accidental as described in the Accidental Death provision of the policy.

Term Life Plans

All term plans offered are Immediate Benefit. These plans pay out during the set term of the policy. The plans expire once the term is complete. Our products feature level benefits with level premiums over a 20-year term. These plans are non-convertible and non-renewable, and do not have the options for an Accidental Death Benefit Rider or Automatic Premium Loan Option. **Term products are not available in Arkansas, Kansas, Missouri, Ohio, and Rhode Island.**

All Term products offered by Senior Life will require additional underwriting. As a result, “wet-ink” HIPPA authorizations must be obtained from the proposed insured on all term products.

20-Year Term Life: For ages 20–65 for non-tobacco and tobacco users. Face values range from \$10,000–\$50,000

- Non-forfeiture options, cash value, paid up insurance, and loan provisions not available for ages 20–50

Return of Premium 20-Year Term Life: For ages 20–60 who have not used tobacco/nicotine products in the past 12 months or for ages 20–45 who have used tobacco or nicotine products in the past 12 months. Face values of \$10,000, \$20,000, \$30,000, \$40,000, and \$50,000.

- Premiums paid annually are eligible for 100% return of premium
- Premiums paid on a monthly basis are eligible for 98% return of premium
- The return of premium benefit is only available if the policy is in force at the end of the 20-year term

Other Important Product Features

Accidental Death Benefit Rider: If the insured meets the guidelines of accidental death as defined within the rider, the death benefit will equal the whole life policy’s face amount.

- **Not available in Minnesota**
- **Not available for term life insurance plans**

Automatic Premium Loan Provision: This feature is available for whole life policies **ONLY** as a safety net for those who are beyond the 30-day grace period. This feature can be requested at the time of application or in writing before the end of the grace period. The payment amount is taken from the cash value of the policy as a loan and is deducted from the death benefit at the time of the claim if it has not already been paid back. The amount taken from the cash value will be equal to two premium payments, as the policy will require two payments to be paid-to-date once the policy is within the 30-day grace period.

Prescription Discount Card: This free discount card can help customers save up to 75% on their prescriptions at pharmacies nationwide. This is a restriction and requirement free savings card that is pre-activated for immediate use. Senior Life Insurance Company does not administer the benefits available through the use of this card. Please direct policyholders to call the contact information listed on the card itself for related customer service needs.

APPLICATION GUIDELINES

The application is part of the insurance contract so please make sure that all information is complete and accurate. Senior Life Insurance Company reserves the right to rescind coverage or deny benefits if the information provided proves to be false, incorrect, or incomplete. Unless otherwise stated, these guidelines apply to ALL of our products.

General Guidelines

- Make sure the proposed insured/owner understands that by signing the completed application, they are affirming the information they provided to be accurate and complete.
- Never ask the proposed insured/owner to sign a blank application, and never in any way guide or coach their answers to the application questions.
- Make sure that you are recording the information accurately to ensure that simple typos do not delay issuance of the coverage or processing of the claim.
- Make sure that the limited benefit plans are explained in full.
- Policies are not effective until the 1st premium payment has cleared and the policy has issued.
- Applications must be dated at the time of signature.
- Only US Citizens/lawful permanent residents may be covered by our policies.
- Newborns can be insured 30 days after their birth.
- Minimum face amount for any policy is \$1,000.
- The minimum household premium is \$15.
- Applicants must answer “No” to all health questions for a particular plan in order to qualify for that plan.
- The company will not issue coverage in excess of the maximum allowed for that plan.

INSURABLE INTEREST & OWNERSHIP

Any person can insure their own life. Third-party owners must have an insurable interest and be in a position to suffer a financial loss upon the death of the insured.

Adult proposed insureds must sign their own application and answer their own health questions unless there is a state-specific exception.

20-Year Term, and ROP 20 Year Term plans: First-party application only.

Easy Issue and Guaranteed Issue Whole Life plans: Third-party applications are allowed without the adult insured signing the application for the following relationships:

- 1) spouses, 2) adult child - parent, 3) adult grandchild - grandparent, and 4) siblings.

State-Specific Signature Requirements

Signature Required from Proposed Adult Insured: The following states require the proposed adult insured to sign the application and answer his/her health questions regardless of plan type: ***Florida, Illinois, Massachusetts, Minnesota, Mississippi, Missouri, Pennsylvania, South Carolina, Texas, and Utah.***

Spouse exceptions: The following states will allow a spouse to sign an application on behalf of a proposed adult insured: ***Alabama, Alaska, Arkansas, Arizona, Colorado, Delaware, Georgia*, Hawaii, Idaho, Kentucky, Louisiana, Maryland, Montana, Nebraska, Nevada*, New Mexico, Ohio, Oklahoma, Oregon, Virginia, and West Virginia.***

****In Georgia and Nevada,*** if the proposed insured does not sign the application, he or she will be notified of the proposed coverage by the Home Office.

Minor Ownership: Generally, anyone under 18 is considered a minor and cannot own a policy or sign an application. However, in some jurisdictions, a minor's ability to enter into life insurance contracts has been modified. A competent minor who has attained the noted age below may be the owner of a policy for the benefit of the minor's estate, parent, spouse, child, or sibling:

- **Age 16: California, Indiana*, Michigan, Nevada, Utah**
 - **In Indiana*, a grandparent may also be a beneficiary.
- **Age 15: Alabama, Arizona*, Delaware, District of Columbia, Florida, Georgia, Hawaii*, Idaho, Illinois, Kansas, Kentucky, Louisiana*, Maryland, Massachusetts*, Mississippi, Montana, Nebraska, New Jersey, New Mexico, North Carolina, Ohio, Oklahoma*, Virginia, West Virginia***
 - **In Arizona, Hawaii, Louisiana, Massachusetts, Oklahoma, and West Virginia*, a grandparent may also be a beneficiary.

In addition, please note the following:

- **In Delaware**, signature of a parent or guardian is required.
- **In the District of Columbia**, the beneficiary may also be a person who has the care or custody of the minor, or with whom the minor makes his or her home.
- **In Virginia**, if the minor resides with at least one parent, signature of the parent is required.

Required Signature of Not Present Party: Where a non-owner insured or parent signature is required but he or she is not present at the time of application, the following standards apply:

- Obtain wet signature on original application, or
- Voice record application signature and re-ask health questions.

PAYMENT GUIDELINES

- If a premium is received after 30 days of the application date, a new application must be made.
- Bank Service Plans must be used for all new applications.
- Payments can be made monthly, semi-annually, or annually, but NOT quarterly.
- Premium draft dates are the 1st, 3rd, 5th, 10th, 15th, 20th, and 25th of each month.
- Payment dates cannot be changed unless the policy is paid up to date.
- One-time credit/debit card payments can be accepted over the phone by calling the Home Office (Visa/Mastercard only).
- Live checks can be accepted via the SLICE App.

TELESALES GUIDELINES

- Read the entire Signature Statement/Fraud Paragraph and Agent Statement sections. Make sure all parties can be clearly heard on the recording. If an unclear recording is submitted, it may delay processing. The recording shall not be stopped during a sale.
- At the beginning of each recording the mother's maiden name and last four of the Social Security Number must be verified for security purposes.

HEALTH INFORMATION GUIDELINES

- Doctor's name/address and medications/usage must be listed on the application (not applicable to Guaranteed Issue and Easy Issue).
- The company will order an APS as needed, or if you disagree with the underwriting classification you may order an APS at your own expense.
- The Medical Release of Information (HIPAA) form must be completed for all field applications, and Term policies. The Home Office will order medical records.
- For Telesales: please use the Recorded Authorization for Release of Health Information to obtain permission from the customer. This must be read verbatim, by you, and a verbal signature must be obtained on the recording. This is only valid for RX checks.
- State requirements vary, please refer to the most recent "Required Forms by State" handout for state specific requirements.
- For SLICE App users, this is included as part of the application process.

MILITARY SALES

- Solicitation on military installations is prohibited.
- You may not sell to known military service members until you have researched the related state and federal regulations designed to protect them and contacted the Agent Support Department Supervisor in advance.
- Should you become aware that you are soliciting to a member of the military you must provide the "Military Personnel Financial Services Disclosure Regarding Insurance Products Form" at the time of sale.

BENEFICIARIES

- Language designating a beneficiary must be precise to ensure the insured's wishes are carried out effectively.
- Naming the beneficiary as the "estate" should be avoided as this subjects the proceeds to the probate process which can be lengthy and costly.
- Always name a specific primary and secondary beneficiary (avoid vague designations such as "all my children").
- The secondary beneficiary will receive the proceeds only if the primary beneficiary should die before the insured.
- We do not collect birth dates for beneficiaries, so pay close attention to the relationships described and the age of the insured when a beneficiary is named. Minors cannot receive the proceeds until we receive legal guardianship/conservator paperwork, or until the minor reaches majority age.
- In the absence of an irrevocable beneficiary designation, the policyowner may change the beneficiary at will.
- Beneficiary changes cannot be accepted over the phone and must be done using the "Change of Beneficiary Form". This form must be notarized, and the original "wet-ink" form must be submitted to the Agent Support Department.
- For first-party applications the policy can generally benefit anyone. For all third-party applications both the primary and secondary beneficiary must have insurable interest in the insured at the time the application is signed.
- A funeral home may NOT be named the beneficiary in **Maryland, Michigan, Montana, New Jersey, Texas, Virginia, and West Virginia**. It is best to use the phrase "as its interests may appear" when naming a funeral home as the beneficiary in other states.
- **In South Carolina and Virginia** former spouses who were listed as the beneficiary of a policy while the marriage was still in effect, cannot receive the proceeds of a policy unless the policy, a court order, or a marital settlement agreement expressly states that they are to still receive the benefit regardless of marital status.

REPLACEMENTS

- Agents are responsible for disclosing the advantages and disadvantages a policyholder faces when replacing an existing policy.
- When a replacement is appropriate and in the best interest of the policyholder, remind them not to take action to cancel their existing policy until their new one has taken effect.
- State-specific forms are included in the application process as part of the SLICE app and do not require separate documents. If using telesales, the SLICE app will prompt you to make the necessary recordings.
- If you are concerned about any replacement activity, please let us know and we will investigate and discuss further with you and/or your agency. Unethical replacement activity may also be reported to the proper state Department of Insurance.
- NO replacements of any kind are accepted in **Kansas, Kentucky, or West Virginia**.
- We do not replace current Senior Life policies with new Senior Life policies in the following states: **Alabama, Alaska, Arizona, Arkansas, Colorado, Hawaii, Louisiana, Maryland, Mississippi, Montana, Nebraska, New Jersey, New Mexico, North Carolina, Oregon, Rhode Island, Texas, Utah, and Virginia**.
- We do not accept replacements from Lincoln Heritage Life Insurance Company.
- The name of the insurance company whose policy is being replaced should always be included on the new policy application.

For the following states: *Alabama, Alaska, Arizona, Colorado, Hawaii, Kentucky, Louisiana, Maryland, Mississippi, Montana, Nebraska, New Jersey, New Mexico, North Carolina, Ohio, Oregon, Rhode Island, South Carolina, Texas, Utah, Virginia, and West Virginia.*

- If the applicant answers “Yes” to the question regarding “do you have any existing life insurance,” you shall:
 - Telesales Application: on the recording, present and read to the applicant, at the time of taking the application, the two (2) questions contained on the state-appropriate replacement notice form and ask applicant if s/he desires the entire notice to be presented. The replacement notice must be signed by both you and applicant. You shall mail a copy of the replacement notice form with the application to the applicant and submit the original to the Agent Support Department.
 - If the applicant answers “Yes” to either one of the replacement notice questions or asks that the replacement notice be read, you shall read and present the entire replacement notice to the applicant on the recording.
 - Field Application: complete, at the time of application, the state-appropriate replacement notice and also leave a copy of the replacement notice with the applicant. The replacement notice must be signed by both you and the applicant. The original form must accompany the application to the Agent Support Department.
 - SLICE App Users: simply follow the instructions provided during the application process.

For all states:

- If the applicant answers “Yes” to the question regarding “do you have any existing life insurance,” but answers “No” to “will this cause any other insurance or annuity to be replaced or changed,” you shall identify the name of the existing insurer and policy number in the replacement section of the application.
- If the applicant answers “Yes” to the question regarding “will this cause any other insurance or annuity to be replaced or changed,” you shall:
 - Telesales Application: on the recording, present and read to the applicant, at the time of taking the application, the entire state-appropriate replacement notice. The replacement notice must be signed by both you and the applicant. You shall mail a copy of the replacement notice form with the application to the applicant and submit the originals to the Agent Support Department.
 - Field Application: present and read, at the time of application, the state-appropriate replacement notice and also leave a copy of the replacement notice with the applicant. The replacement notice must be signed by both you and the applicant. The original form must accompany the application to the Agent Support Department.
 - SLICE App Users: simply follow the instructions provided during the application process.
- ***Specific to Michigan***, if at the time of application the applicant indicates replacement is involved, agent must also complete an information statement (REP-IS10) to be signed by both the applicant and you. You shall leave a copy (or mail in the case of a telesales application) with the applicant and return the originals to the Agent Support Department.
- ***Specific to Pennsylvania***, if at the time of application the applicant indicates replacement is involved, you shall: (1) complete the application; (2) present, read, and sign the Replacement Notice [REPN03x17.09] on recording; (3) mail the Replacement Notice along with a copy of the application and Disclosure Form to the applicant; (4) call back the applicant and obtain a second electronic signature of acceptance after the Replacement Notice, application, and Disclosure Statement have been received and reviewed by the applicant; (5) forward the application, Disclosure Statement, Replacement Notice, and all recordings to the Agent Support Department for processing.

Other State Required Forms

Third-Party Notification

Several states have established a requirement to document a policyowner's right to designate a third-party to receive notices of lapse and/or cancellation of coverage.

- ***Applicable to California, Florida, Idaho, and Rhode Island.***
- A policy shall not be issued or delivered until the policyowner has been given the right to designate at least one (1) person, in addition to the policyowner, to receive copies of nonpayment or cancellation notices.
- Third-party notification forms are available on the Senior Life Insurance Company Agent Resources web page. Please review applications carefully, as some include a third-party notification section and do not require a separate form.
 - For Telesales business: the offer must be made on recording; if the policyowner indicates he or she wishes to designate a Third-Party Designee, you shall complete the form on recording and return the completed form to the Agent Support Department.
 - For Field business: if the policyowner indicates he or she wishes to designate a Third-Party Designee, you shall complete the form, obtain the policyowner's signature and return the completed form to the Agent Support Department.
 - SLICE App users: simply follow the instructions provided during the application process.

Arbitration Agreement

Some states require a notice of binding arbitration agreement to accompany an application for life insurance. The Arbitration Agreement provides an alternate means for resolving disputes. Arbitration is final and binding, and does not involve a trial in court.

- Arbitration Agreement forms are available on the Senior Life Insurance Company Agent Resources web page. Most applications requiring the Arbitration Agreement already have it incorporated into the body of the application.
 - For Telesales business: the Arbitration Agreement must be read verbatim on recording and signed by the applicant and agent. You shall forward the application and recording to the Agent Support Department.
 - For Field business: you shall complete the form (if not provided on the application), obtain the policyowner's signature and forward the application to the Agent Support Department.
 - SLICE App users: simply follow the instructions provided during the application process.

Kansas Conditional Premium Receipt

- ***Applicable to Kansas.***
- The Conditional Premium Receipt form is available on the Senior Life Insurance Company Agent Resources web page.
- Coverage is deemed to be temporarily in effect as soon as an application is completed and the initial premium is received (by you or the Company); this temporary coverage is in effect until the policy is issued or the policyowner is notified in writing of an adverse underwriting decision and the premium is returned.
- You must fill in the blanks with the appropriate information and check the appropriate box indicating whether premium is received at the time of application or is scheduled to be received via bank draft at a future date. For all initial withdrawals, a specific date must be included on the application and receipt (please refrain from using "ASAP" references.)
 - For Telesales business: the Conditional Premium Receipt must be reviewed on recording; signed by the applicant and agent, and a copy mailed to the policyowner when the application is completed. You shall forward the application and completed original receipt to the Agent Support Department.
 - For Field business: you shall complete the form, obtain the policyowner's signature and forward the application and completed form to the Agent Support Department. A copy of the receipt shall be left with the policyowner.
 - SLICE App users: simply follow the instructions provided during the application process

Electronic Signature Procedure Document

- **Applicable to Massachusetts.**
- The Electronic Signature Procedure Document (ESPD13_22) is available on the Senior Life Insurance Company Agent Resources web page.
- This requirement is applicable to Telesales business. The agent must provide a copy of the Electronic Signature Procedure Document (ESPD13_22) upon request by any party (Owner, Insured or Payor) acknowledging and authorizing the recording of their signature on a telesales application or associated document. The agent shall mail a copy of this document to the requesting party.

CANCELLATIONS

- Cancellations before a policy is issued can be carried out over the phone.
- Once a policy is issued cancellation requests must be made in writing by the policyowner and must include their policy number and written signature.
- Cancellation requests can be faxed to (229) 228-5148 or emailed to **Cancellations@srlife.net**
- If a cancellation request is sent to you, please immediately forward the request to our Home Office.

COMPLAINTS

A complaint is any communication that primarily expresses a grievance with an expectation of resolution. Senior Life Insurance Company recognizes that, on occasion, a consumer may confront you with a complaint involving you, another agent, or the Company. All complaints are to be dealt with in a manner similar to any other request – in a fair, honest, and prompt manner.

If you receive any correspondence that may be a complaint, immediately forward it to the Market Compliance Department. Also, if you receive a complaint verbally, document the conversation and immediately forward it to the Market Compliance Department. Submit your complaints within five (5) days of receipt. Complaint information may be emailed to **Inquiries@srlife.net** or faxed to the attention of the Market Compliance Department at (229) 236-3961. As part of this process, we may contact you for additional information.

Complaints made to a state Insurance Department are handled by Senior Life Insurance Company. Some states require an Agent's Statement relating to a complaint. Therefore, all requests for a written statement from you must be responded to promptly within the time requested. The Company will track all complaints and analyze this information routinely to detect, correct, and monitor problem areas or trends.

SLICE APP SUBMISSION

ALL applications are required to be submitted through the SLICE App. This app allows you to quickly and efficiently process applications free of underwriting errors. It also allows you to setup EFT payments by taking a photo of the payor's check when submitting an application. This is a great way to ensure you are paid for that application the same day.

Before an application is sent it can be found in the "Under Construction" tab with a "Ready to Send" label.

Once the application has been submitted and is on its way to Senior Life it will be marked "Sent".

After Senior Life has received the application it will be moved to the "Pending" tab with a "Submitted" status. This is where you will track the application until it becomes a policy. You will be able to view the application/policy status, the issue date, the amount of commissions to be paid, and whether a value adding benefit was included.

The SLICE App includes all relevant state-specific information and will automatically prompt you to complete necessary signatures/recordings according to the plan that is being written and the state it is being written in.

AGENT COMPENSATION & COMMISSION

Advance Commissions: Advances are loans made against future earned commissions, and as such, we expect to get the advance(s) back on any policies that lapse, cancel, or otherwise become inactive with an advance debt; rescinded policies and limited benefit plans when the insured's death occurs during the first policy year require return of earned commissions also. We pay advances daily on a per policy basis on the submission of qualified applications subject to the following guidelines:

- All new business must be received by the established new business deadline. Live checks dated no more than thirty (30) days from the application date will be accepted but coverage will not be effective nor advance made until the live check is received, processed and the policy is issued unless it is submitted via the SLICE App. Only SLICE App live check submissions are eligible for same-day issue and advance. Live checks are accepted through the SLICE App for same day issue, same day advance).
- Initial withdrawal applications will not issue until 3 business days after the payment is drafted from the bank (provided the bank does not reject the payment).
- Advance amount is limited to \$700 for application(s) of any one payor, insured, owner, or household.

Example Calculation of One Sale:

Commissionable Premiums	\$1,000 *
Commission %	x 80 %
First Year Commission	\$800
Advance %	x 60 %
Check Amount	\$480

* Does not include policy fee. See Rate Manual for policy fees.

Paid as Earned: It stands to reason that when advances are made there needs to be a reasonable chance that the loans will be repaid. To provide such assurance, we have developed some guidelines when commissions are more appropriate to be paid as earned:

- Initial premium Non Sufficient Funds (NSF) two (2) or more times (NSF one time will be paid advance with immediate chargeback).
- Previous lapsed or canceled policy, or multiple NSF applications on insured, owner, payor or household.
- Initial premium paid by money order on checking account.
- New accounts including non-preprinted checks.
- Disconnected/no phone service.
- Business we believe will be placed on direct bill after initial payment.
- Controlled business (family, friends, previous clients, associates, or other instances where you have influence).
- Limited Benefit risks that were originally written as immediate benefit; agent advanced when the signed endorsement is received.
- Any necessary forms not received with application; agents advanced when forms are received.
- Payor not a party to the application nor named beneficiary, except if husband and wife.
- Business we believe will not stay on the books.

Monthly Pay-Thru and Renewal Commission: The amount of your first year commission that is not advanced is paid to you after the advance has been earned on a monthly basis. Depending on your advance percentage, the remaining first year commission (pay-thru) will be earned during the seventh through twelfth months of the policy's duration. This pay-thru and any as-earned commission will be paid to those with current new business by the tenth day of each month after any chargebacks or expenses are deducted (not applicable to 75% advance). Monthly renewal commissions may begin to pay out to you beginning the thirteenth month of the policy's duration when qualification for the highest advance is maintained.

Renewals and pay-thru can become a major part of your income, and as you write quality business and take steps to conserve your Senior Life Insurance Company business, your month end will grow, grow, grow! Just like you are committed to preserving this business, Senior Life Insurance Company shares in this commitment. As such, in the event the writing agent does not undertake efforts to preserve his or her business, Senior Life Insurance Company will work with the policyowner to save any policy that lapses in the best manner it sees fit.

Chargeback System: Senior Life Insurance Company utilizes the 100% chargeback system. This means that all earned and unearned commissions will be charged back if a policy lapses, cancels, or rescinds within the period stated in the Commission Schedule. Also, all Limited Benefit plans carry a 100% chargeback if the insured's death occurs during the first policy year. The 100% chargeback is applied according to the Chargeback Repayment system elected.

Repay of Chargebacks: There are two (2) ways chargebacks can be repaid. The default option is the Back-End system, which nets chargeback amounts against pay-thru and as-earned commissions during month-end processing (maximum advance of 60%). The other option is the Immediate system (maximum advance of 75%), which nets chargeback amounts out of the next advance commissions instead of month-end commissions.

Persistency for Renewals: Senior Life Insurance Company rewards for persistent business. For any month in which the thirteenth month persistency rate for policies issued by the writing agent in a respective month is equal to or more than 72.5%, all renewal commissions will be paid for those policies; if the persistency rate is lower, all renewal commission will be forfeited for those policies. The persistency calculation measures policies that are active as they cross thirteen (13) months from being issued by taking all active premiums of each issue month and dividing them by all the premiums issued the same month less the premiums of policies Not Taken Out, Declined in Underwriting, Withdrawn, and Incomplete. The persistency rate is subject to prospective change at any time, within our sole discretion, and any change shall be set forth in your Commission Supplement or Agent Manual.

Value Added Policies (VAP): Value added policies (“VAP”) are Senior Life Insurance Company policies that are sold in conjunction with a value adding benefit (“VAB”). Although they may be sold by our agents at the same time as a Senior Life Insurance Company policy, VABs are not Senior Life Insurance Company products. While a life insurance policy itself is a great value, VABs add further value to the consumer. The more value an agent can provide, the more likely a policyholder will keep their products longer.

Senior Life Insurance Company pays its agents higher commission rates on sales of VAPs than it does for non-VAPs because of improved persistency. Please refer to the Commission Schedule for details. Senior Life Insurance Company does not require its agents to sell VAPs, nor does Senior Life Insurance Company require its agents to sell VABs separately. Senior Life only compensates for the sale of VABs when sold in connection with a Senior Life policy.

VABs must be approved in advance by Senior Life Insurance Company in order to qualify the sale of the policy/benefit as a VAP on the Commission Schedule. We encourage our agents to submit ideas for VABs to their managing agent, who may then present them to Senior Life Insurance Company for approval.

DEBT AND ADVANCE GUIDELINES

Increased levels of production earn Agents and Managers higher commissions and corresponding titles. Those commissions and title classifications have been grouped into tiers. Each tier establishes the debt* amounts by which advance percentage is determined as follows:

TIER 1: Agent, Career Agent, General Agent, and Managing General Agent

ADVANCED	COMMISSION MINIMUM DEBT	MAXIMUM DEBT
60% and above	\$0	\$9,500
55%	\$9,501	\$11,000
50%	\$11,001	

TIER 2: Regional Director and Regional Vice-President

ADVANCED COMMISSION	MINIMUM DEBT	MAXIMUM DEBT
60% and above	\$0	\$16,000
55%	\$16,001	\$18,000
50%	\$18,001	

* Debt, for adjustment purposes, is considered your personal Agent’s Balance (charge back), inactive LOA, and any respective terminated, non-vested sub-agents accounts, which includes unpaid leads, advertising, health insurance, and miscellaneous balances. It does not include advance outstanding on active policies. Debt level will be assessed monthly, and advance adjustments will be made by the 15th of each month.

ADVERTISING

All advertising materials must have written approval from Market Compliance before being used.

Advertisements include but are not limited to: newspaper ads/articles/newsletters, sales presentations, point-of-sale illustrations, prospect letters/leads cards, audio/visual materials, seminar materials, training materials, radio and TV ads, telemarketing scripts, internet websites, internet/social media advertisements, direct mail/fax/email campaigns, and any other written or visual communication sent on behalf of an agent or agency to solicit business or recruit talent.

- ANY advertising materials using the Senior Life Insurance Company logo or name or identifying a Senior Life Insurance Company product must be submitted to Market Compliance for approval.
- Online advertising must meet all of the same requirements as printed advertisements.
- In some states advertisements require approval from the respective Department of Insurance which may add 30–60 days to the approval turnaround time.
- When submitting your advertisements for approval please use the Advertising/Marketing Materials Approval Form.
- It is recommended that your manager approve the advertisement before it is submitted to Market Compliance.
- You may also contact the Marketing Department to collaborate on the design/content of an advertisement. In this case Marketing will submit the finished product for review by Market Compliance.
- To submit an advertisement for approval directly to Market Compliance please email the proof and the Advertising/Marketing Materials Approval Form to marketcompliance@srlife.net, fax the same documents to (229) 236-3961, or mail the documents to: Senior Life Insurance Company, Attn: Market Compliance Department, PO Box 2447, Thomasville, GA 31799-2447.

COMMONLY PRESCRIBED MEDICATIONS

The following is a list of commonly prescribed medications which pertain to the conditions covered herein. Use this list as a tool to assist you when qualifying a proposed insured for a certain plan. Please note that if the condition or medication is bold a Limited Benefit plan is required. Often a person takes multiple medications and some medications are taken for more than one condition. It is your responsibility to inquire as to all medication taken, the reason for such use, and complete the application accordingly. We strive to make this list as helpful to you as possible and make every effort to keep it current, but the list is not intended to be exhaustive. Please call an Underwriting Representative in the Agent Support Department if you have any questions or need additional assistance.

Bold text indicates serious conditions: should be written limited benefit plan.

Δ Water Retention Medications: please indicate location of water retention in the applicant's body; this will determine what plan the applicant qualifies for.

† Can write Standard if no occurrence within two (2) years.
