## Agent Servicing Center

**Underwriting:** This Agent Manual and your manager are great resources for questions. If you still have questions about underwriting or commissions, please call the Customer Service, Agent Support or Accounting Departments.

**Claims:** To notify us regarding a claim or to inquire about the paperwork needed to file a claim, please call the Claims Department, email us at [claims@srlife.net](mailto:claims@srlife.net), or visit our website.

**Licensing:** To inquire about licensing regulations in a particular state, please contact our Licensing Department by phone or email at [licensing@srlife.net](mailto:licensing@srlife.net). For Information on debt, please send inquiries to [AGTdebt@srlife.net](mailto:AGTdebt@srlife.net).

**Online Agent Portal:** Visit the Agent Portal at [agent.seniorlifeinsurancecompany.com](http://agent.seniorlifeinsurancecompany.com) to access leads, production, pending business, and lapsed/cancelled policies. The Agent Portal username will always be your Agent Number, and the password will be the last four digits of your tax identification number.

**Supplies and Supply Order Information:** Brochures, marketing materials, and other company merchandise may be ordered by accessing the Agent Store at [www.srlifestore.net](http://www.srlifestore.net).

**Emergency Closing:** For information concerning a possible Emergency Closing, please call: (877) 777-8808, Ext. 1160.

# Plans and Riders

The purpose of this manual is to provide you with an overview of Senior Life Insurance Company's insurance products, helpful tips for completing the application, underwriting classifications, compensation information, and commonly prescribed medications. While this Agent Manual does not replace your responsibility to be informed of all state insurance laws, it provides a valuable resource to ensure you have the tools you need to be successful. Our Home Office staff is always here to assist you. Call (877) 777-8808 for assistance.

From time to time, Senior Life Insurance Company may change or update procedures to more efficiently achieve our service philosophy, reflect new legislation, or to further clarify operations. Important information and updates are frequently communicated through the Agent Portal, and through email. It shall be your responsibility to keep us informed of your current contact information including your email address, and routinely check for electronic communications. All procedures are to be followed, regardless if this manual has been updated to reflect those changes.

## Whole Life Plans

These whole life plans build cash value and the benefits can never be decreased or premiums increased.

### Immediate Benefit Plans

#### Ultimate Preferred Whole Life

This product is offered to people ages 0 – 85 who have no health issues and who have not used tobacco or nicotine products in the past ten (10) years. We offer this whole life coverage at very reasonable premiums with a face amount range of \$10,000 to \$30,000. Due to the preferred class of risk, additional underwriting may be required. The following also apply:

- Checking account only through Bank Service Plan.
- Applicant must have a primary care physician.
- Only one medication per condition accepted.
- **Not available in Minnesota.**

#### Super Preferred Whole Life

This product is offered to people ages 0 – 85 who have no health issues and who have not used tobacco or nicotine products in the past five (5) years with face amounts of \$5,000 to \$30,000. Due to the preferred class of risk, the following also apply:

- Only one medication per condition accepted.

#### Preferred Whole Life

This product is offered to people ages 0 – 85 with minor health issues and who have not used tobacco or nicotine products in the past twelve (12) months with face amounts ranging from \$1,000 to \$20,000.

#### Standard Whole Life

This is the most popular product we offer because so many people qualify for this plan. We offer this to people ages 0 – 85 with face amounts of \$1,000 to \$20,000.

- DUI/DWI is an acceptable Standard risk as follows: must be outside of two (2) years with no history or treatment of drug or alcohol abuse, have not been advised to reduce alcohol consumption or noted to excessively consume alcohol. For questions, please call an Underwriting Representative in the Agent Support Department.

## **20 Pay Standard Whole Life**

This product is popular with younger people ages 0 – 60. This product offers coverage of \$1,000 to \$20,000. At the end of year 20, the policy is paid up and you never have to pay another premium, even as the policy remains in-force.

- DUI/DWI is an acceptable Standard risk as follows: must be outside of two (2) years with no history or treatment of drug or alcohol abuse, have not been advised to reduce alcohol consumption or noted to excessively consume alcohol. For questions, please call an Underwriting Representative in the Agent Support Department.

## **LIMITED BENEFIT PLANS**

***For Modified, Easy Issue, and Guaranteed Issue plans, you must explain the limited death benefits. For telesales, this explanation must be included on the recording.***

### **Modified Whole Life**

We sell this product to people who have moderate health conditions. This limited benefit plan features a return of premiums plus 10% during the first two (2) years of coverage and then the full face amount the third year and thereafter. We offer this product to people ages 0 – 85 with a face amount of \$1,000 to \$15,000.

- ***In Massachusetts, Minnesota, Missouri, New Jersey, North Carolina, and Pennsylvania,*** the death benefit in the first two (2) years is the face amount if death by accident as defined by the Accidental Death provision in the policy.

### **Easy Issue Whole Life**

This product is offered to people ages 0 – 85. Only a few questions are asked to ensure greater eligibility for those with significant health conditions. The face amounts are \$1,000 to \$10,000. This limited benefit plan features a return of premium plus 10% during the first three (3) years of coverage and then the full face amount the fourth year and thereafter.

- ***In Massachusetts, Minnesota, Missouri, New Jersey, North Carolina, and Pennsylvania,*** the death benefit in the first three (3) years is the face amount if death by accident as defined by the Accidental Death provision in the policy.

### **Guaranteed Issue Whole Life**

This plan features no health questions and is available to ages 0 – 85. This policy is guaranteed to anyone without regard to health conditions. The face amounts range from \$1,000 to \$10,000, and benefits are a return of premiums plus 10% for the first three (3) years and then the full face amount the fourth year and thereafter.

- ***In Massachusetts, Minnesota, Missouri, New Jersey, and Pennsylvania,*** the death benefit in the first three (3) years is the face amount if death by accident as defined by the Accidental Death provision in the policy.

# Term Life Plans

Senior Life Insurance Company term products feature level benefits with level premium payments over a 20-year term period. Senior Life Insurance Company term plans are non-renewable and non-convertible. The accidental death benefit rider and automatic premium loan option are not available with term plans. No third-party applications are accepted. Checking account payments through the Bank Service Plan are required. **Term products are not currently available in Arkansas, Kansas, Missouri, Ohio, and Rhode Island.**

All Return of Premium Term and 20-Year Term products will require additional underwriting. As a result, "wet ink" HIPAA authorization must be obtained from the proposed insured on all term products.

## IMMEDIATE BENEFIT PLANS

### 20-Year Term Life

This product is offered to people ages 20 – 65 for non-tobacco and tobacco users. We offer this term life coverage with a face amount range of \$10,000 to \$50,000. Non-forfeiture options, cash value, paid up insurance, and loan provisions not available for issue ages 20 – 50.

### Return of Premium 20-Year Term Life

This product is offered to people ages 20 – 45 who have used tobacco or nicotine products in the twelve (12) months prior to the application date and to people ages 20 – 60 who have not used tobacco or nicotine products in the twelve (12) months prior to the application date. We offer this term life coverage with face amounts of \$10,000, \$20,000, \$30,000, \$40,000, and \$50,000. A 100% return of premiums is based on annual mode of payment; monthly mode of payment will result in a 98% return of premiums. The return of premium benefit is only available if the policy is in-force at the end of the 20-year term.

## Riders and Other Available Options

### Accidental Death Benefit Rider

This Rider provides an accidental death benefit **equal to the whole life policy's face amount**. The insured's death must meet the guidelines of "Accidental Death" as defined within the Rider.

- **Not available in Minnesota.**
- Not available for term life insurance plans.

### Automatic Premium Loan Provision

At no cost, this provision is available for all whole life policies and allows the cash value to pay for the policy in case the payor is unable to make the payments for a certain period of time. The Automatic Premium Loan (APL) option can be chosen at the time of application or added by the policyowner at any time by writing to us prior to the end of the Grace Period. When the APL is used, it creates a loan against the cash value of the policy. If the loan is not paid back, the outstanding loan amount is deducted from the death benefit at the time of claim.

- Not available for term life insurance plans.

## Child Rider

The Senior Life Insurance Company Child Rider is designed to give families a low-cost option to add coverage for minor children to new and existing policies. See below for details:

### Completing the Application

- The Child Rider can be added at the time of the application or after the policy issues.
- A child is defined as (of the insured):
  - Natural child;
  - Legally adopted child;
  - Stepchild;
  - Grandchild; or
  - Great-grandchild.
- A Child must be at least 30 days old and not more than 17 years at the time of application to qualify.
- Multiple children can be added.
- The rider amount cannot exceed the face amount of the policy.  
Example: Applicant takes out a Super Preferred Plan for \$25,000. If this person adds a child rider, the rider can be any amount from \$1,000-\$25,000 (increases in increments of \$500.)
- All children covered under this Rider will have the same face amount. The maximum amount of coverage per insured child is \$30,000.
- There is a separate premium for each covered child.
  - For Whole Life (other than 20 pay) and Term - \$.40 per \$1,000 in coverage per month.
  - 20 Pay only - \$.45 per \$1,000 in coverage per month.Example: \$25,000 Super Preferred Plan with one child rider also at \$25,000  
Calculation:  $.40 \times 25 = \$10.00$  per month for the rider. This is added to the policy premium.
- If the child passes while the policy is in force, the proceeds go to the policyowner, subject to a contestability period during the first two years.
- The rider terminates when the child turns 25 years old.
- Upon termination of the rider, the "child" can elect to take out a Standard or 20 Pay Plan at the same coverage level with no health questions, i.e. proof of insurability. The premium for the new plan will be based upon the normal rates for the gender and attained age for the selected plan type.

## Charitable Rider

The Senior Life Insurance Company Charitable Rider gives policyholders the ability to designate a portion of their policy proceeds as a donation to their desired charitable organization. The designated amount will be paid to the charitable organization prior to any payments made to beneficiaries.

There is no additional cost to add this feature. The policyholder may choose any amount between \$200 and \$1,000 for this designation, subject to the availability of funds at the time the claim is paid. The organization selected must be recognized by the Internal Revenue Service (IRS) as a tax-exempt organization.

# **APPLICATION GUIDELINES**

**Last Revised: 5.12.21**

# Application Guidelines

Senior Life Insurance Company has designed the application and underwriting process to be easy and streamlined for both you and the applicant. Unless stated otherwise, these guidelines apply to Whole Life and Term Life products. For any questions on the following application guidelines, contact the Customer Service or Agent Support Department.

## **Completing the Application**

The application is part of the insurance contract. If the answers on the application are incorrect, incomplete, or false, Senior Life Insurance Company may have the right to deny benefits or rescind coverage. Therefore, it is very important that the application be filled out completely and accurately.

Be sure the proposed insured/owner understands the health questions and understands that by signing the completed application, s/he is representing that the information is accurate and complete. Never ask the proposed insured/owner to sign a blank application or other document, and never answer any of the questions or encourage a desired answer for the proposed insured/owner. When completing the application, you have the responsibility to incorporate all material facts relevant to the risk being written, which facts are known to you (including observation) or could be known by proper diligence.

Also, please pay special attention to obtaining accurate information on the application. For example, misspelled names or incorrect addresses, bank information, Social Security Numbers, dates of birth, or medications can impact and delay issuing the policy or processing the claim.

Read the entire Signature Statement/Fraud Paragraph and Agent Statement sections. For recorded applications, it is vital the recording is clear and all parties thereto can be heard and understood. Any submitted recording in which the application is not captured in a clear, audible manner may result in untimely processing. The recording shall not be stopped during a sale.

The policyowner's email address is required on all applications.

For state and plan specific signature requirements, please refer to the Insurable Interest and Ownership section beginning on page 15 in this Agent Manual.

## **METHODS OF SUBMISSION**

### **SLICE App**

SLICE is the Senior Life Insurance Company Enrollment App. It is an industry-changing mobile device application designed to facilitate the writing of applications more quickly, efficiently, and accurately.

An active internet connection is required to download the SLICE App from your Agent Portal. After you download SLICE, log into the App and download all the necessary file updates. You must log in each day, Monday through Friday, using your Agent ID and Agent Portal password to start writing business. After it finishes grabbing the latest documentation and business rules, the App is ready to go. Pressing the "Logout" button will prevent you from writing business and will require you to log in again.

SLICE will allow you to keep track of the applications you write. Before an application is sent from the device, it will be in the "Under Construction" tab with a "Ready to Send" label. Once the application is sent from the device and is on its way to Senior Life, it will be labeled as "Sent". This process is automatic and does not require anything more than an active connection to the internet or the use of data. After Senior Life has received the application, it will move from the "Under Construction" tab to the "Pending" tab with a "Submitted" status. It is here that you can keep track of your application all the way to becoming a policy. It provides you with information such as: application/policy status, the policy number, the issue date, the amount of commissions to be paid, and whether Value Added Benefit (VAB, see page 20) was included. SLICE should be used for both field and telesales. Instructions for using the App are included with the download.

As of this time, SLICE is only available for iPad and iPhone 4S or newer.

### **SLICE Telesales**

Telesales applications may also be submitted using the **Senior Life Insurance Company Enrollment Telesales Website (SLICE TELESales)** at [telesales.srlife.net](https://telesales.srlife.net). SLICE Telesales is a Web Application designed to facilitate quicker, more efficient, and more accurate enrollment of new applicants for Senior Life Insurance Company Agents. For additional user information, please refer to the SLICE Telesales Guide for Agents located under the Notifications and Documents icon in the application.

### **Corrections and Document Submission**

The Agent Portal is designed to facilitate the transmission of documents (including recordings) directly to the desired department. Corrections to applications, policy changes, and licensing documents may be uploaded via the Agent Portal. Simply select Upload Documents and follow the prompts.

### **Minimum Amounts and Maximum Limits**

The minimum household premium is \$15.00. An insured will not be issued coverage in excess of the maximum allowed for the selected plan.

### **Age of Last Birthday**

Use the proposed insured's age as of his/her last birthday. Newborns can be insured thirty (30) days from the date of birth provided the answers to all health questions are "No."

### **Application Date**

The application must be dated the date the application is signed by the involved parties. ***Applications dated thirty (30) or more days prior to the receipt of premium payment date will require a new application to be written with a current date.***

### **Social Security Numbers**

Social Security Numbers (SSN) should be provided on all applicants. As a general rule, the Company will not accept a risk for an applicant who does not provide his/her full SSN or who does not have a SSN.

### **US Residency**

We only issue policies to citizens or lawful permanent residents of the United States.

### **Initial Premium**

An initial premium payment cannot exceed thirty (30) days from the date of the application. Live checks are accepted through the SLICE App for same day issue, same day advance.

## Credit Cards

Business submitted using credit or debit cards as the method of payment will not qualify for advance commission and will be paid as-earned. The Commission Supplement provides additional information on commissions paid on credit/debit card business.

## Collection of Premiums

The agent is prohibited from participating in the collection of premiums. Other than live checks meant to initiate a policy, agents should not accept payments of any kind from policy holders. Collection of cash premiums is strictly prohibited.

## HIPAA and Additional Documentation

The Medical Release of Information (HIPAA) section must be completed and submitted for all immediate benefit and Term applications. All Term plans require additional underwriting (refer to page 8 for HIPAA requirements). Various states require the completion of further documentation in addition to the application. Failure to submit all required documents may result in delayed processing. HIPAA authorization is included as a part of the application process using the SLICE App.

## Telephone Interviews

The Company may interview any applicant on any submitted business.

## Military Sales

Designed to protect the interests of military service members, many states have rules to help prevent deceptive and misleading practices in the sale of life insurance to service members. Field agents who solicit life insurance to known military service members are required to follow specific rules and provide additional information as set forth by these federal and state laws.

Before soliciting to known military service members, careful attention must be given to these limitations, rules, and procedures. Penalties for noncompliance are severe. Therefore, no agent shall proceed with marketing to known service members unless they have researched these regulations and contacted the Agent Support Department Supervisor in advance. Should an agent become aware that he or she is soliciting life insurance to a member of the military, the Military Personnel Financial Services Disclosure Regarding Insurance Products Form must be given to the applicant at the time of sale. This disclosure form is available on our website. Solicitation on military installations is prohibited.

## Beneficiaries

The importance of exercising care in the beneficiary designation cannot be overstated. An improperly named beneficiary can have drastic effects on how the insurance proceeds are distributed. Always name a specific primary and secondary beneficiary to avoid any confusion. Avoid vague designations such as "all my children." Naming the "estate" as beneficiary should be avoided, as this subjects the insurance proceeds to the probate process.

The designation of a minor as beneficiary presents unique situations, and careful consideration by the policyowner is necessary. Ensure the policy owner understands that when a minor is named a beneficiary, payment of the death benefit cannot be made until we receive legal guardianship/conservator paperwork or the minor attains majority age.

In the absence of an irrevocable beneficiary designation, the policyowner may change the designation at will. **Beneficiary changes cannot be accepted over the phone.** These changes must be submitted to Home Office on a notarized Senior Life Insurance Company Change of Beneficiary Form. Completed changes of beneficiary forms may be mailed or faxed to Home Office.

Generally, if the insured and owner is the same person, the policy can benefit anyone. For any third-party applications, all beneficiaries (primary and secondary) must be persons who have an insurable interest in the insured at the time when the application is signed.

When naming a funeral home as a beneficiary, it is best to add the phrase “as its interest may appear” and name a family member as secondary beneficiary. However, a funeral home may not be named as beneficiary in all states. For example, even if the insured and owner is the same person, **Maryland, Michigan, Montana, New Jersey, Texas, Virginia, and West Virginia do not allow a funeral home to be named as a beneficiary.**

### **Replacement**

Great care and attention should always be given to any decision to replace an existing policy. Agents should refrain from making any replacement sale that is contrary to the applicant’s best interests and that could be considered “churning or twisting” for a commission only. An agent should discuss the advantages and disadvantages of any potential replacement with the applicant.

When a replacement is appropriate, remind the applicant not to take action to terminate the existing policy until the new policy has been issued, and the applicant has reviewed it and found it acceptable. Replacement forms vary by state.

Senior Life Insurance Company does not accept applications that replace any existing life insurance on **Kansas, Kentucky, and West Virginia residents.**

Replacement of an existing Senior Life Insurance Company policy with a new Senior Life Insurance Company policy is prohibited.

Senior Life Insurance Company will not accept applications that replace Lincoln Heritage Life Insurance Company coverage.

Be sure to answer all questions concerning replacement on the application. In all instances, the name(s) of the existing insurance company(ies) must be disclosed on the application.

- SLICE App Users: simply follow the instructions provided during the application process.

## **ADDITIONAL STATE-SPECIFIC PROCEDURES**

### **Third-Party Notification**

Several states have established a requirement to document a policyowner’s right to designate a third-party to receive notices of lapse and/or cancellation of coverage.

- A policy shall not be issued or delivered until the policyowner has been given the right to designate at least one (1) person, in addition to the policyowner, to receive copies of nonpayment or cancellation notices.

### **Arbitration Agreement**

Some states require a notice of binding arbitration agreement to accompany an application for life insurance. The Arbitration Agreement provides an alternate means for resolving disputes. Arbitration is final, binding and does not involve a trial in court. If the state in which you are writing business requires the Arbitration Agreement, an authorization section will be included on the application. This section must be read in its entirety or acknowledged in writing by the policy owner.

# Cancellations

A request to cancel coverage before a policy is issued may be processed via a telephone request from the policyowner or writing agent/upline. After a policy is issued, and in accordance with policy provisions, all requests for cancellations by the policyowner shall be submitted in writing with the policyowner's handwritten signature as well as all applicable Policy Numbers. Telephone requests are not accepted for issued policies. Cancellation requests may be mailed, faxed to (229) 299-4756, or scanned and emailed to **[cancellations@srlife.net](mailto:cancellations@srlife.net)**. If a policyowner sends you a cancellation request and/or policy, please immediately inform and forward the request to Home Office.

## Insurable Interest and Ownership

A person is assumed to have unlimited, first-party insurable interest in his or her own life. With a few exceptions, a person must have insurable interest and consent before purchasing insurance on another person's life. It is unlawful to use insurance to speculate upon the demise of another person, and as a matter of public policy, an owner or beneficiary must be in a position to suffer a financial loss upon the death of an insured. When signing on behalf of an adult insured, the third-party must sign his/her own name. The preferred format is, *third party name, on behalf of, adult insured name*.

### **20 Year Term, and ROP 20 Year Term plans:**

First-party application only.

### **Ultimate Preferred, Super Preferred and Preferred Whole Life plans:**

Third-party applications are allowed, but the proposed adult insured must sign the application and answer his/her health questions.

### **Standard, 20 Pay and Modified Whole Life Plans:**

In most states, third-party applications are allowed with a spouse signing on behalf of the adult insured (see State-specific Signature Requirements below for exceptions to this guideline.)

### **Easy Issue and Guaranteed Issue Whole Life plans:**

Third-party applications are allowed without the adult insured signing the application for the following relationships (see State-specific Signature Requirements below for exceptions to this guideline.):

- 1) spouses, 2) adult child - parent, 3) adult grandchild - grandparent, and 4) siblings.

### **If the application provides coverage for a Minor Grandchild:**

- Up to \$10,000: grandparent can insure minor grandchild without speaking to parent.
- Over \$10,000: grandparent may insure minor grandchild with parent signing application, or by providing guardianship paperwork.

## STATE-SPECIFIC SIGNATURE REQUIREMENTS

**Signature Required from Proposed Adult Insured:** The following states require the proposed adult insured to sign the application and answer his/her health questions regardless of plan type: **Florida, Illinois, Louisiana, Massachusetts, Minnesota, Mississippi, Missouri, Pennsylvania, South Carolina, Texas, and Utah.**

**Spouse exceptions:** The following states will allow a spouse to sign an application on behalf of a proposed adult insured: ***Alabama, Alaska, Arkansas, Arizona, Colorado, Delaware, Georgia\*, Hawaii, Idaho, Kentucky, Louisiana, Maryland, Montana, Nebraska, Nevada\*, New Mexico, Ohio, Oklahoma, Oregon, Virginia, and West Virginia.***

**\*In Georgia and Nevada,** if the proposed insured does not sign the application, he or she will be notified of the proposed coverage by the Home Office.

### **Minor Ownership**

Generally, anyone under 18 is considered a minor and cannot own a policy or sign an application. However, some jurisdictions allow a minor to enter into life insurance contracts. A competent minor who has attained the noted age below may be the owner of a policy for the benefit of the minor's estate, parent, spouse, child, or sibling:

- **Age 16**

***California, Indiana\*, Michigan, Nevada, Utah***

**\*In Indiana,** a grandparent may also be a beneficiary.

- **Age 15**

***Alabama, Arizona\*, Delaware, District of Columbia, Florida, Georgia, Hawaii\*, Idaho, Illinois, Kansas, Kentucky, Louisiana\*, Maryland, Massachusetts\*, Mississippi, Montana, Nebraska, New Jersey, New Mexico, North Carolina, Ohio, Oklahoma\*, Virginia, West Virginia\****

**\* In Arizona, Hawaii, Louisiana, Massachusetts, Oklahoma, and West Virginia,**  
a grandparent may also be a beneficiary.

In addition, please note the following:

- **In Delaware,** signature of a parent or guardian is required.
- **In the District of Columbia,** the beneficiary may also be a person who has the care or custody of the minor, or with whom the minor makes his or her home.
- **In Virginia,** if the minor resides with at least one parent, signature of the parent is required.

## **Signatures That Require Additional Paperwork**

### **Minor Proposed Insured**

A parent or legal guardian of a minor insured must sign the application. In the case of a legal guardian, guardianship paperwork shall also be submitted.

### **"X" Proposed Insured**

An "X" signature by the proposed insured requires an explanation of why the application is signed with an "X" along with an adult witness signature. The following is an example of this signature:

- "X" "witnessed by" adult witness signature and printed name of adult witness.

### **Power of Attorney for Proposed Insured**

A Power of Attorney (POA) signature on the application must be submitted with a copy of the POA documentation and a memo stating the reason for the use of the POA. Applications using a POA to answer health questions will only be accepted Easy Issue or Guaranteed Issue risk.

# **LICENSING AND COMPENSATION**

**Last Revised: 5.12.21**

# Licensing and Compensation

## Appointments

Following state licensing requirements, Senior Life Insurance Company requires that all agents be properly licensed and appointed with Senior Life Insurance Company before soliciting business. Be sure you are properly licensed and appointed through the state Department of Insurance for the state in which you are writing an application. Your license to sell insurance requires that you abide by all of the laws, rules, and regulations of any state in which you are licensed to conduct business including any continuing education requirements. Please inform the Licensing Department of any status changes with resident and non-resident licenses such as renewals, cancellations, or appointments.

## Licensed Recruits and Career Website

Licensed agents interested in joining your Senior Life Insurance Company team should be directed to [www.seniorlifecareers.com](http://www.seniorlifecareers.com) to complete the online contracting process. Before referring anyone to the website, please give the recruit your six (6) digit Senior Life Insurance Company Agent Number. Without this number, the recruit will not be able to complete the process. The careers website will guide the recruit through the steps to become an active agent with Senior Life Insurance Company. Upon completion, the recruit will receive a confirmation email issuing the Senior Life Insurance Company Agent Number. The hiring manager will also receive a confirmation email at which time the hiring manager will need to assign a commission schedule to the new agent. After the hiring manager assigns the commission schedule, an email will be sent to the applicant to accept the commission schedule. Following acceptance of the commission schedule and approval of the applicant's appointment, access to the Agent Portal is authorized typically within 24 – 48 hours.

# Agent Compensation and Commission

## Advance Commissions

Advances are loans made against future earned commissions, and as such, we expect to get the advance(s) back on any policies that lapse, cancel, or otherwise become inactive with an advance debt; rescinded policies and limited benefit plans when the insured's death occurs during the first policy year require return of earned commissions also. We pay advances daily on a per policy basis on the submission of qualified applications subject to the following guidelines:

- All new business must be received by the established new business deadline.
- Live checks dated no more than thirty (30) days from the application date will be accepted but coverage will not be effective nor advance made until the live check is received, processed and the policy is issued
- Initial withdrawal applications cannot be processed until three (3) days after the initial withdrawal date and the policy is issued.
- Advance amount is limited to \$700 for application(s) of any one payor, insured, owner, or household.

**Example Calculation of One Sale:**

Commissionable Premiums	\$1,000 *
First Year Commission % **	x 80 %
First Year Commission	<u>\$800</u>
Advance %	x 60 %
<b>Check Amount</b>	<b>\$480</b>

\* Does not include policy fee. See Rate Manual for policy fees.

\*\* Varies by plan type.

**Paid As Earned**

Commissions on new business will be paid as-earned in the following circumstances:

- Initial premium Non-Sufficient Funds (NSF) two (2) or more times.
- Previous lapsed or canceled policy, or multiple NSF applications on insured, owner, payor or household.
- Business initiated using a credit or debit card, or virtual/Internet bank.
- New accounts.
- Disconnected/no phone service.
- Controlled business (family, friends, previous clients, associates, or other instances where you have influence.)
- Payor not a party to the application nor named beneficiary, except if husband and wife.
- Business we believe will not stay on the books.

**Monthly Pay-Thru and Renewal Commission**

The portion of your first-year commission that is not advanced is paid on a monthly basis after the advance has been earned. Depending on your advance percentage, the remaining first year commission (pay-thru) will be earned during the seventh through twelfth months of the policy's duration. Pay-thru and any as-earned commissions will be paid to those with current new business by the tenth day of each month after any chargebacks or expenses are deducted (not applicable to 75% advance). For applicable business, monthly renewal commissions may begin to pay out to you beginning the thirteenth month of the policy's duration. Established persistency requirements must be met to qualify for renewal commissions.

**Chargeback System**

Senior Life Insurance Company utilizes a 4-month 100% chargeback system. This means that all earned and unearned commissions will be charged back if a policy lapses, cancels, or rescinds within the period stated in the Commission Schedule. Also, all Limited Benefit plans carry a 100% chargeback if the insured's death occurs during the first policy year. The 100% chargeback is applied according to the Chargeback Repayment system elected.

**Repay of Chargebacks**

The default option is the Back-End system, which nets chargeback amounts against pay-thru and as-earned commissions during month-end processing (maximum advance of 60%). The other option is the Immediate system (maximum advance of 75%), which nets chargeback amounts out of the next advance commissions.

**Persistency for Renewals**

For any month in which the thirteenth month persistency rate for policies issued by the writing agent in a respective month is equal to or more than the percentage established in your Commission Supplement, all renewal commissions will be paid for those policies; if the persistency rate is lower, all renewal commission will be forfeited for those policies. The persistency rate is subject to prospective change at any time, within our sole discretion, and any change shall be set forth in your Commission Supplement or Agent Manual.

### Value Added Policies (VAP)

Value added policies ("VAP") are Senior Life Insurance Company policies that are sold in conjunction with a value adding benefit ("VAB"). Although they may be sold by our agents at the same time as a Senior Life Insurance Company policy, VABs are not Senior Life Insurance Company products. While a life insurance policy itself is a great value, VABs add further value to the consumer. The more value an agent can provide, the more likely a policyholder will keep their products longer.

Senior Life Insurance Company pays its agents higher commission rates on sales of VAPs than it does for non-VAPs because of improved experience. Please refer to the Commission Supplement for details. Senior Life Insurance Company does not require its agents to sell VAPs, nor does Senior Life Insurance Company require its agents to sell VABs separately. Senior Life only compensates for the sale of VABs when sold in connection with a Senior Life policy.

VABs must be approved in advance by Senior Life Insurance Company in order to qualify the sale of the policy/benefit as a VAP on the Commission Schedule. We encourage our agents to submit ideas for VABs to their managing agent, who may then present them to Senior Life Insurance Company for approval.

## Debt and Advance Guidelines

Increased levels of production earn Agents and Managers higher commissions and corresponding titles. Those commissions and title classifications have been grouped into tiers. Each tier establishes the debt\* amounts by which advance percentage is determined as follows:

### TIER 1: Agency Owner, Regional Sales Director, and National Sales Director

<b>Advanced Commission</b>	<b>Minimum Debt</b>	<b>Maximum Debt</b>
75% (Immediate Chargeback)	\$0	\$9,500
70% (Immediate Chargeback)	\$9,501	\$11,000
65% (Immediate Chargeback)	\$11,001	
60% and above	\$0	\$9,500
55%	\$9,501	\$11,000
50%	\$11,001	

### TIER 2: Vice President, Partner, and Senior Partner

<b>Advanced Commission</b>	<b>Minimum Debt</b>	<b>Maximum Debt</b>
75% (Immediate Chargeback)	\$0	\$9,500
70% (Immediate Chargeback)	\$9,501	\$11,000
65% (Immediate Chargeback)	\$11,001	
60% and above	\$0	\$16,000
55%	\$16,001	\$18,000
50%	\$18,001	

\* Debt, for adjustment purposes, is considered your personal Agent's Balance (chargeback), inactive LOA, and any respective terminated, non-vested sub-agents accounts, which includes unpaid leads, advertising, health insurance, and miscellaneous balances. It does not include advance outstanding on active policies. Debt level will be assessed monthly, and advance adjustments will be made by the 15th of each month.

# **ADVERTISING AND OTHER CONSIDERATIONS**

**Last Revised: 5.12.21**

# Advertising and Other Considerations

***All advertising materials must have written approval from the Market Compliance Department before being used.***

Advertising is broadly defined in state insurance regulations and impacts virtually all consumer contacts by agents. All advertisements not created by Senior Life Insurance Company require approval by the Market Compliance Department prior to being distributed or published. This will ensure all regulatory requirements are met for the state where the advertisement is being presented.

Examples of advertisements include, but are not limited to, newspaper ads/articles/newsletters, sales presentations, point-of-sale illustrations, prospect letters/lead cards, audio visual materials, seminar materials, training materials, radio and TV ads, telemarketing scripts, internet web sites, direct mail/fax/email, and other written or visual communication from or on behalf of an agent/agency to customers or potential customers. Also, any correspondence that utilizes the name or logo of Senior Life Insurance Company or identifies a Senior Life Insurance Company product must be submitted for our approval.

Senior Life Insurance Company recognizes that more and more agents are interested in advertising on the internet. Keep in mind that advertising on the internet must meet all of the same criteria as pre-printed advertising. Web pages that mention Senior Life Insurance Company or include information about a Senior Life Insurance Company product must be submitted for prior approval before use. In addition, make sure the web page identifies jurisdictions in which you are licensed to write business and include your agent license number(s).

Please submit all advertising pieces to your manager for his or her review and approval prior to submission to the Market Compliance Department. Once approved by your manager, please complete the Advertising/Marketing Materials Approval Form found in your Agent Portal and submit it along with a PDF of your finalized advertisement to **[marketcompliance@srlife.net](mailto:marketcompliance@srlife.net)**.

After submission, we will do our best to accommodate you with a quick turnaround. It is advisable to allow sufficient time to research and review each request. All advertising pieces requiring revision(s) will be returned. Please Note: some states require that advertisements be approved by the Department of Insurance before they may be used. This may take an additional thirty (30) to sixty (60) days depending on the state.

# Fighting Insurance Fraud

Insurance fraud takes many forms, from faking a death, to failing to disclose significant medical conditions on an insurance application. It occurs when individuals intentionally deceive an insurance company to collect money that is not rightfully theirs.

Senior Life Insurance Company has a Special Investigations Unit (SIU) whose responsibility is to investigate suspected fraud, report suspected fraud to the appropriate regulatory authority, and to help law enforcement prosecute offenders. The SIU works to detect, prevent, and resolve fraudulent activities perpetrated against Senior Life Insurance Company.

If you suspect insurance fraud has been committed against Senior Life Insurance Company, email the SIU at [reportfraud@srlife.net](mailto:reportfraud@srlife.net), or contact one of the following SIU members at (877) 777-8808: Heath Bassett, Jonathan Rossi, Dawn Keister, Frank Funderburk, or Savannah Yancey.

## The Patriot Act

### Anti-Money Laundering

The USA Patriot Act of 2001 requires that insurance companies establish anti-money laundering programs and adopt minimum standards regarding the identity of customers who apply for insurance to determine if a transaction has a legitimate business purpose. You are in the important position of often having superior knowledge and plays a critical role in preventing, detecting, and deterring individuals from attempting to utilize insurance products to launder money and/or finance terrorist activities. Some "red flags" to watch include, but are not limited to the following:

- The purchase of an insurance product that appears to be inconsistent with customers' needs.
- Any unusual method of payment, particularly by cash or cash equivalents (when such method is, in fact, unusual).
- The purchase of an insurance product with monetary instruments in structured amounts.
- The early termination of an insurance contract, especially at a cost to the customer, or where cash was tendered and/or the refund check is directed to an apparently unrelated third-party.
- The transfer of the benefit of an insurance product to an apparently unrelated third-party.
- Little or no concern by a customer for any investment performance, if applicable, of an insurance product but much concern about the early termination features of the product.
- The reluctance by a customer to provide identifying information when purchasing an insurance product or the provision of minimal or seemingly fictitious information.
- The borrowing of the maximum amount available soon after purchasing the product.

# Complaints

A complaint is any communication that primarily expresses a grievance with an expectation of resolution. Senior Life Insurance Company recognizes that, on occasion, a consumer may confront you with a complaint involving you, another agent, or the Company. All complaints are to be dealt with in a manner similar to any other request – in a fair, honest, and prompt manner.

If you receive any correspondence that may be a complaint, immediately forward it to the Market Compliance Department. Also, if you receive a complaint verbally, document the conversation and immediately forward it to the Market Compliance Department. Submit your complaints within five (5) days of receipt. Complaint information may be emailed to [inquiries@srlife.net](mailto:inquiries@srlife.net) or faxed to the attention of the Market Compliance Department at (229) 228-5598. As part of this process, we may contact you for additional information.

Complaints made to a state Insurance Department are handled by Senior Life Insurance Company. Some states require an Agent's Statement relating to a complaint. Therefore, all requests for a written statement from you must be responded to promptly within the time requested. The Company will track all complaints and analyze this information routinely to detect, correct, and monitor problem areas or trends.

# Commonly Prescribed Medications

The following is a list of commonly prescribed medications which pertain to the conditions covered herein. Use this list as a tool to assist you when qualifying a proposed insured for a certain plan. Please note that if the condition or medication is bold a Limited Benefit plan is required. Often a person takes multiple medications and some medications are taken for more than one condition. It is your responsibility to inquire as to all medication taken, the reason for such use, and complete the application accordingly. We strive to make this list as helpful to you as possible and make every effort to keep it current, but the list is not intended to be exhaustive. Please call an Underwriting Representative in the Agent Support Department if you have any questions or need additional assistance.

**Bold text** indicates serious conditions: should be written limited benefit plan.

Δ Water Retention Medications: please indicate location of water retention in the applicant's body; this will determine what plan the applicant qualifies for.

† Can write Standard if no occurrence within two (2) years.

## MEDICATIONS

## CONDITIONS

Abilify aripiprazole	Depression/ <b>Antipsychotic</b>
<i>acarbose</i> <i>Precose</i>	Diabetes
<i>Accuneb albuterol</i>	Asthma/ <b>COPD/Lung Disease/Emphysema</b>
<i>Accupril quinapril</i>	High Blood Pressure/ <b>Congestive Heart Failure/Prevention of Kidney Failure</b>
<i>acebutolol</i> <i>Sectral</i>	Hypertension/ <b>Ventricular Arrhythmias</b>
<i>acetaminophen</i> and <i>propoxyphene</i> <i>Balacet, Darvocet</i>	Narcotic Pain Reliever
<i>Aciphex rabeprazole</i>	Heartburn/Reflux/Ulcers/Stomach Problems
<i>Actemra tocilizumab</i>	Rheumatoid Arthritis
<i>Actos pioglitazone</i>	Diabetes
<i>acyclovir</i> <i>Zovirax</i>	Antiviral/Hives

Adalat <i>nifedipine</i>	High Blood Pressure/ <b>Angina/Heart</b>
Adderall <i>amphetamine</i> and dextroamphetamine <sup>†</sup>	Narcolepsy/Attention Deficit Disorder
Advair Diskus <i>salmeterol</i> and fluticasone	Asthma/ <b>COPD/Lung Disease/Emphysema/ Chronic Bronchitis</b>
<b>Adriamycin <i>doxorubicin</i></b>	<b>Cancer</b>
<b>Aggrenox <i>aspirin</i> and dipyridamole</b>	<b>Circulatory Problems</b>
Ala-Tet <i>tetracycline</i>	Antibiotic
<i>albuterol</i> Ventolin, Proventil, Accuneb	Asthma/ <b>COPD/Lung Disease/Emphysema/ Chronic Bronchitis</b>
albuterol and ipratropium Combivent, DuoNeb	<b>COPD/Asthma</b>
Aldactazide spironolactone and HCTZ	High Blood Pressure/ <b>Congestive Heart Failure</b> /Water RetentionΔ
Aldactone spironolactone	High Blood Pressure/ <b>Congestive Heart Failure</b> /Water RetentionΔ
Aldara imiquimod cream	Actinic Keratosis/Superficial Basal Cell Carcinoma
Aldomet methyldopa	High Blood Pressure
Aldoril HCTZ and methyldopa	Hypertension
alendronate Fosamax	Osteoporosis
Aleve naproxen	Pain, Arthritis, Gout
<b>Alimta Pemetrexed</b>	<b>Lung Cancer</b>
aliskiren and amlodipine Tekamlo	Hypertension
<b>Alkeran, melphalan</b>	<b>Cancer</b>
Allegra fexofenadine	Hay Fever
Allegra-D fexofenadine and pseudoephedrine	Allergy/Hay Fever
allopurinol/lopurin Zyloprim	Gout Treatment/Lower Uric Acid Levels
Alphagon Brimonidine	Glaucoma/ <b>diabetic glaucoma</b>
alprazolam Xanax	Antidepressant

Altace ramipril	High Blood Pressure/ <b>Congestive Heart Failure/ Prevention of Kidney Failure</b>
Altacor lovastatin	Cholesterol/Triglyceride Treatment
Altoprev lovastatin	Cholesterol
Amaryl glimepiride	Diabetes
Ambien zolpidem	Sleeping Medication
amiloride Midamor	High Blood Pressure/ <b>Congestive Heart Failure</b> /Water RetentionΔ
<b>amiodarone Cordarone</b>	<b>Ventricular Arrhythmias</b>
amitriptyline Elavil, Endep	Antidepressant
amlodipine, HCTZ and olmesartan Tribenzor	Hypertension
amlodipine and benazepril Lotrel	High Blood Pressure
amlodipine Norvasc	High Blood Pressure/ <b>Angina</b>
amlodipine/benazepril Lotrel	High Blood Pressure
Amoxil amoxicillin	Antibiotic
amoxicillin Amoxil, Trimox	Antibiotic
amoxicillin/clavulanate Augmentin	Antibiotic
amphetamine and dextroamphetamine Adderall <sup>+</sup>	Narcolepsy/Attention Deficit Disorder
<b>Ampyra dalfampridine</b>	<b>Multiple Sclerosis</b>
Anaprox <i>naproxen</i>	Pain/Arthritis/Gout
Antivert <i>meclizine</i>	Nausea
<b>Apresoline hydralazine</b>	<b>Hypertension (Severe)</b>
<i>Aquazide-H hydrochlorothiazide (HCTZ)</i>	<i>High Blood Pressure/Congestive Heart Failure/Kidney Failure</i> /Water RetentionΔ
<b>Aricept donepezil</b>	<b>Alzheimer's Disease/Dementia</b>
aripiprazole Abilify	Depression/ <b>Antipsychotic</b>

Arthrotec <i>diclofenac and misoprostol</i>	Anti-inflammatory
<i>aspirin/acetylsalicylic acid</i> Ascriptin	<b>Anticoagulation/Pain/Anti-Inflammation</b>
<b><i>aspirin and dipyridamole</i> Aggrenox</b>	<b>Circulatory Problems</b>
Atacand <i>candesartan cilexetil</i>	High Blood Pressure/ <b>Heart Failure</b>
Atarax <i>hydroxyzine HCL</i>	Anxiety/Sedative/Allergies
Atelvia <i>risedronate sodium</i>	Osteoporosis
<i>atenolol</i> Tenormin	High Blood Pressure/Migraines/Tremors/ <b>Angina/COPD</b>
<i>atenolol and chlorthalidone</i> Tenoretic	High Blood Pressure
Ativan <i>lorazepam</i>	Antidepressant/Anxiety
<i>atorvastatin</i> Lipitor	Cholesterol/Triglyceride Treatment
Atrovent <i>ipratropium bromide</i>	Asthma/ <b>COPD/Lung Disease/ Emphysema/Chronic Bronchitis</b>
Augmentin <i>amoxicillin and clavulanate potassium</i>	Antibiotic
Avalide <i>irbesartan and HCTZ</i>	High Blood Pressure
Avandia <i>rosiglitazone</i>	Diabetes
Avapro <i>irbesartan</i>	High Blood Pressure
Aventyl <i>nortriptyline</i>	Antidepressant/Insomnia
Avinza morphine	Severe Pain
<b>Avonex <i>interferon</i></b>	<b>Relapsing Multiple Sclerosis</b>
<i>azithromycin</i> Zithromax	Antibiotic
Azmacort <i>triamcinolone inhalation</i>	<b>Emphysema/Asthma</b>
<b>AZT/zidovudine Retrovir</b>	<b>AIDS/HIV</b>
Bactrim <i>trimethoprim and sulfamethoxazole</i>	Antibiotic
Bactroban <i>mupirocin topical</i>	Antibiotic
Balacet <i>acetaminophen and propoxyphene</i>	Pain

<i>benazepril and amlodipine</i> Lotrel	High Blood Pressure
<i>benazepril HCL</i> Lotensin	High Blood Pressure/ <b>Congestive Heart Failure</b>
Benicar <i>olmesartan</i>	High Blood Pressure
<b>benztropine</b> Cogentin	<b>Parkinson's Disease</b>
<b>Betapace</b> sotalol	<b>Heart</b>
<b>Betaseron</b> interferon	<b>AIDS/Relapsing Multiple Sclerosis/Hepatitis C/Leukemia</b>
Biaxin <i>clarithromycin</i>	Antibiotic
<b>bicalutamide</b> Casodex	<b>Cancer</b>
<b>Bidil</b>	<b>Heart Failure</b>
Bonine <i>meclizine</i>	Nausea
Brethine <i>terbutaline</i>	<b>Emphysema/Asthma/Preterm Labor</b>
<b>bretylum tosylate</b> Bretylol	<b>Ventricular Arrhythmias</b>
<b>Bretylol</b> <i>bretylum tosylate</i>	<b>Ventricular Arrhythmias</b>
<b>bumetanide</b> Bumex	<b>Congestive Heart Failure/Renal Disease/High Blood Pressure (Severe)</b>
<b>Bumex</b> <i>bumetanide</i>	<b>Congestive Heart Failure/Renal Disease/High Blood Pressure (Severe)</b>
<i>buprenorphine</i> Butrans patch	Chronic Pain
<i>bupropion</i> Wellbutrin SR	Antidepressant
BuSpar <i>buspirone</i>	Anxiety
<b>busulfan</b> Myleran, Busulfex	<b>Cancer</b>
<b>Busulfex</b> <i>busulfan</i>	<b>Cancer</b>
Butrans <i>buprenorphine</i> patch	Chronic Pain
<b>cabazitaxel</b> Jevtana	<b>Prostate Cancer</b>
Calan <i>verapamil</i>	High Blood Pressure/ <b>Angina</b>
<i>calcitonin salmon</i> Miacalcin	Osteoporosis

<i>candesartan cilexetil</i> Atacand	High Blood Pressure/ <b>Heart Failure</b>
<b>capecitabine</b> Xeloda	<b>Cancer</b>
Capoten captopril	High Blood Pressure
Capozide <i>captopril and HCTZ</i>	High Blood Pressure
<i>captopril</i> Capoten	High Blood Pressure/Heart
<i>captopril and HCTZ</i> Capozide	High Blood Pressure/ <b>Heart</b>
<i>carbamazepine</i> Tegretol,	Seizures/Restless Leg Syndrome
Equetro, Carbatrol <sup>†</sup>	<b>Trigeminal Neuralgia/Bipolar Disorder</b>
Carbatrol <i>carbamazepine</i> <sup>†</sup>	Seizures/Restless Leg Syndrome
<b>carbidopa</b> and <b>levodopa</b> Sinemet	<b>Parkinson's Disease</b>
<b>carboplatin</b> Paraplatin	<b>Cancer</b>
<b>Cardilate</b> <i>nifedipine</i>	<b>Angina Pectoris (frequent or recurrent)</b>
<b>Cardioquin</b> <i>quinidine</i>	<b>Heart Arrhythmias</b>
Cardizem <i>diltiazem</i>	High Blood Pressure/ <b>Angina/Heart</b>
Cardura <i>doxazosin</i>	High Blood Pressure/Prostate Enlargement
<i>carisoprodol</i> Soma	Muscle Relaxant/Sleep Aid
Cartia XT <i>diltiazem</i>	High Blood Pressure/ <b>Angina/Heart</b>
<i>carvedilol</i> Coreg	High Blood Pressure/ <b>Heart</b>
<b>Casodex</b> <i>bicalutamide</i>	<b>Cancer</b>
